Additional Information

The interactive public calendar is for **informational purposes only** and is **not the official docket of the court**. Parties should continue to place primary reliance on official notice from the court and information available in the CM/ECF system via PACER.

The calendar information is updated from CM/ECF data in approximately 10-minute intervals. The transaction must be completed in CM/ECF and included in an interval update before the change is depicted in the app. As such, the information may not always be a true "real-time" depiction.

The interactive public calendar was developed by the U. S. Bankruptcy Court for the District of Utah and is designed to work with participating courts.
